Washington, July 17.—The war department received the following cable from Manila today: "Twenty inches of rain in July attended by typhoons has made the leaving of transports impossible. At Negros it was impossible to unload the Sixth infantry until the last day or two. California are now loading and Colorado will leave tomorrow on the Warren. The Idahos and North Dakotas will leave next week as soon as the transport Grant can be loaded."

Prescott, July 17.—The only large and modern custom smelting plant in the west, which the management states will not be in the Amalgamated Smelting and Refining company, is being rapidly pushed in its construction by the Val Verde Copper company, and will represent an outlay of about \$100,000. The F. P. & P. railroad is completing a spur of its road to the site, the company having just paid the railroad \$10,000 on this account.

Kansas City, July 17.—A Star special from Tulsa, I. T., says: The execution of William Going, a Cretaw Indian, in defiance of a writ of habeas corpus, issued by U. S. Judge John R. Thomas, will be made a direct cause for bringing those implicated to trial for murder. Judge Thomas, in an interview, stated that he would see that the law in respect to disobeying the order from the United States government is fully investigated and that all the guilty ones are brought to justice. Open violation of Judge Thomas's order, it is predicted, marks the beginning of the end of conflicting law in the Indian territory.

Manila, July 17.—It is reported that the Philippine junta will be moved from Hong Kong to Island Labuan, British colony, six miles from the northwest coast of Borneo, as the American officials watched the members of the junta so closely at Hong Kong that the latter found it impossible to supply the insurgents with arms. The transport Warren sails Sunday with the Colorado regiment, Major Bradley Strong and Major Young, of the supreme court, who is going to Utah for a vacation, is on board. Professor Schurman will arrive at San Francisco on board the China.

Joliet, Ill. July 17.—A few weeks ago the city council granted a twenty-five years' franchise to the Northwestern Telephone company, and now different parties claim the franchise, and have filed bonds and acceptance of same. The franchise was asked for by E. R. Conklin, John Arnold and Thomas Ryan, all of Lockport, Ill., and now Conklin claims that Arnold and Ryan failed to furnish needed money, and that the latter petitioned the council in his own name only to approve the ordinance, which was done June 19 last. The Arnold and Ryan bonds have been approved by the council, and now Conklin claims to be the real and only "Northwestern Telephone company."

The S. P. company will place on sale at Benson on July 1st and 2nd, round trip tickets to Detroit, Mich., for one fare plus \$2 for round trip. The occasion being the annual convention of the Christian Endeavor. Tickets are good returning August 15th.

The same company will put on sale July 16th and 17th, round trip tickets to Indianapolis for one fare plus \$2 for the round trip. The occasion being the Biennial convention of the International Epworth League. Tickets good returning August 20th.

After the Murderer.

Sheriff Munda arrived in Jerome Saturday night after a twelve days' chase after the murder of Wingfield and Rogers. Sheriff Munda left a posse of eight men, surrounding Quaking Ash brake in which they had located their man. The sheriff came to secure bloodhounds to put on the track. Lee Cutworth and John Cameron were arrested and sent to Flagstaff for complicity in the crime. They supplied the murderer with provisions. The theory that Wade committed the crime, the sheriff says, is wrong.

For an Editor to Recommend Patent Medicine?

From Sylvan Valley News, Brevard, N. C.—It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by all druggists.

A REDUCTION

In the Price of Shirt Waists, that will mean a reduction in our stock, and a desirable Shirt Waist addition to feminine wardrobes if prices—entirely out of proportion to the excellence of materials and desirability of styles—can effect this change of ownership.

Probably 50 dozen shirt waists—all that remains after a brisk two months' selling—have had their prices reduced. This is particularly opportune for you, with months of hot weather yet to come. All around the stair case you will find piles and piles of shirt waists, and for your convenience in choosing we have marked them uniformly, as follows:

Percal Shirt Waists in solid colors, fancy stripes and checks; made carefully, with separate collar and yoke back; shirt waists that were sold at 65c, 75c and 85c

50c.

Shirt Waists that were 90c, \$1.00 and \$1.15; the quantity at this price is small

75c.

Shirt Waists of percale, corded ginghams, madras and pique, in all the color combinations that are most wanted and made as most wanted; shirt waists that sold at \$1.25, \$1.35 and \$1.50

1.00

The very cream of stylish shirt waists—shirt waists received but recently and that sold readily at \$1.50 and \$1.75

1.25

Childrens' colored dresses that sold at 65c to \$3.50 and now marked to hasten their leave taking, at 50c to \$3.00. In the lot are dresses at \$1.00 and \$1.25 that are remarkably cheap, quality considered. The quantity is too limited to permit of your delay if you're in need of dresses.

Announcement.

We desire that every person in Bisbee should know that we have obtained the absolute control of the famous "SOROSIS" shoe, the shoe for women.

Three years were spent in extensive preparations and careful construction of "SOROSIS," the shoe for women before offering to the public. Nearly \$100,000 was spent in operating and advertising public working exhibits in Boston, Chicago, Philadelphia, Pittsburg and London where every detail of manufacture was witnessed by hundreds of thousands of interested people. The complete results of these exhibits is the "SOROSIS" of today, the most advanced women's shoe. Nothing like them ever before offered.

We desire to say to all women who believe in having and wish to have their feet stylishly, comfortably and daintily shod, that the "SOROSIS" is the extreme of fashion and the perfection of common sense and comfort. It is a shoe which has the stamp and seal of the fashionable world and is the one American shoe ever manufactured and successfully introduced abroad.

\$3.50 For Every Style.
